REPUBLICAN TICKET.

For Delegate to Congress,
PEDRO PEREA,
OF BERNALILLO COUNTY.

COUNTY REPUBLICAN TICKET.

THOS. HUGHES,
For Territorial Council.
EMILIANO L. GUTIERREZ,
For Territorial Council.
F. A. CRESPIEN,
For Territorial Council.
First District—EPIMENIO A. MIERA,
Second District—JESUS ROMERO,
Third District—JESUS ROMERO,
For County Commissioners.
CORNELIO SANDOVAL,
For Probate Judge.
JAMES A. SUMMERS,
For Probate Clerk.
JOSE L. PEREA,
For Treasurer and Ex-Officio Collector.
THOS. HUBBELL,
For Sheriff.
J. M. SANDOVAL,
For Assessor.
FRANK A. HUBBELL,
For School Superintendent.
A. PEARSON,
For Surveyor.
J. W. HALL,
NEPOMUS MARINO,
TRINIDAD GARCIA,
NARCISO PEREA,
For River Commissioners.

SOLIDLY REPUBLICAN.

Alejandro Sandoval, Soferino Crollot and Benito Perea have returned from the Rio Puerco, where they held rousing republican meetings in the several precincts. The Rio Puerco precinct will give Pedro Perea and the republican county ticket about 700 majority next Tuesday.

FAVORS A MILITARY POST.

Hon. Pedro Perea stated to a number of friends yesterday that if he goes to Washington he will do all in his power to have a military post established at Albuquerque. Inasmuch as Mr. Ferguson has no influence with the power that be in Washington, and Mr. Perea was the man that always goes with being a member of the party in power, it would seem wise for the people of Albuquerque to vote for Perea if they want this post.

FRIENDLY TO ALBUQUERQUE.

Upon every occasion Pedro Perea has been friendly to Albuquerque. When the county seat was removed from Bernalillo to Albuquerque in 1883, Mr. Perea favored the proposition. He helped in the legislative council to establish the public school system for the territory and worked to secure for this city the territorial university. He led the opposition to the Hinkley bill, which was defeated through the efforts of Mr. Perea in the council. This bill, if it had become a law, would have distributed the license tax of this city to the various public schools of the county, which would have seriously crippled the excellent schools of this city. Mr. Perea has always worked to secure a liberal appropriation for the territorial university. He has been a generous supporter of our territorial fair and all such enterprises. He and all his neighbors do all their trading in this city. Our readers can readily see that Mr. Perea by his actions has proven himself to be a friend of Albuquerque. He is opposing Mr. Grant's ditch scheme, claiming that if it is built that it will place the people of the valley in the grasp of a non-republican corporation, greedy to their injury. This matter is in the courts, and his election or defeat will not be in the least affected by the ditch question. Mr. Ferguson has written a letter to Judge T. C. Gutierrez, stating in emphatic language that he, too, is opposed to Mr. Grant's ditch, and both the candidates for delegate stand on the same platform on the question. Certainly, Mr. Perea should not lose republican votes for trying to defeat himself and his neighbors in the courts against what he believes would be a great injustice.

DO NOT TRADE.

The democrats of this county having no county ticket, have organized for the purpose of trading off everything on the Otero sorehead ticket for votes for Mr. Ferguson. They will trade any name on the Pinto ticket or the whole gang for

a vote for Ferguson. There is no necessity for the republicans trading any name on their ticket. Every republican nominee will be elected by a big majority, and this slick democratic scheme will be nipped in the bud. No republican will trade off the name of any republican nominee next Tuesday.

TRADE WITH MEXICO.

Modern Mexico gives the following statistics as to what the United States sold to Mexico in June, 1906, compared with the same month in 1907:

Sales of fruits and nuts were \$1,000 more in June, 1906, than in June, 1907. Sales of hardware were \$90,000—over three times what they were in June, 1907.

Mexico purchased \$86,583 worth of American coal in June, 1907, while in June, 1906, the sales had increased to \$121,000.

Electrical appliances sold to Mexico in June amounted to \$53,621, an increase of over 20 per cent over the previous June.

The exportation of bicycles to Mexico increased monthly. The sales for June were \$8,046, an increase of \$2,000 over the same month of 1907.

Mexico purchased \$9,700 worth of cattle from the United States in June, as against \$2,410 the previous year. Horses, \$7,435, against \$1,130.

The increasing number of Americans in Mexico makes a demand for American goods. Sales in June, \$12,300, against \$4,551 the previous June.

Boats and ships sold in Mexico in June amounted to \$17,337, an increase of 300 per cent over the sales of a year ago.

TRAITOR TO ALBUQUERQUE.

The people of New Mexico never forgive a man for proving traitor to his town and to his friends. Hence they are not going to vote for Mr. Ferguson, who located the capital at Santa Fe in preference to favoring his home town where his friends had built him up, until he became so powerful that he thought he could do without them. In the long run, the man who succeeds in the man who is true to his friends and neighbors, as Mr. Ferguson will learn to his sorrow on election day.

THE efforts of the Democrat to place the people of Bernalillo county under the control of the corporation boss of this city is thoroughly known to the people of the county. If A. A. Grant could control the water of the county as he does the water system of this city he would have a dead end, and he and Mr. Otero could then run things to suit themselves. Their first move would be to establish a water rate for irrigation purposes that would squeeze the life out of the native people, and all those who opposed their corporation schemes would be driven out of the county.

THE sorehead ticket will be beaten by more than a thousand votes. The only strength this ticket has ever had is what has been given to it by the Gallup in desertment. The Gallup people will wake up after election day and find that they have made the biggest mistake of their lives. If they vote against the county and legislative ticket that is elected, what claim will they have for either legislative or local favors?

THE conservative business men of Gallup ought to see their mistake before it is everlasting too late. One week from today and the sorehead ticket will be beyond resurrection, and with it will have disappeared the hopes of Gallup, unless political conditions are quickly changed. If Gallup wants a new county it will be well for its citizens to stay with the party and the men who will be able to give it what it wants.

SINCE the Democrat announced the possession of a book of passes by District Attorney Finley, it is understood that he is likely to carry every vote in the city. He was kept busy yesterday issuing passes to his many democratic friends, and by the time he gets through with the prohibitionists there will be no opposition at all, and Spencer will have forgotten that he was ever nominated.

THE Democrat objects to the number of children in Bernalillo precinct. The owner of the corporation sheet, when he gets his ditch and he and Ben Otero get to running things to suit themselves in this county, will probably try to control the birth rate at Bernalillo and other precincts.

In Nacimiento precinct the voters turned out in a body on horseback to meet the republican speakers a few days ago. Over three hundred men were in the procession, and with flags and mottoes they welcomed the visitors in fine style. There will be three Ferguson votes in that precinct and no more.

THE Democrat is trying to hold Pedro Perea responsible for the number of children enrolled in the schools of Bernalillo precinct. Pedro has only one boy and he is attending college in Pennsylvania. It is the excellent climate and not Perea that causes the large birthrate at Bernalillo.

ROUSING republican meetings were held last night in Alamosa and Rancho Alamosa precincts. The four precincts across the river south of this city are solidly united for the republican ticket. Pedro Perea will not lose a dozen votes in all the four precincts.

This week republican rallies have been held in the several mountain precincts, east of this city, and the republicans are confident of carrying every precinct in that portion of the county by largely increased majorities.

THE Democrat is silent about the Grant ditch. When Mr. Ferguson wrote that letter stating that he was not for the scheme, the corporation organ dried up its howl about Perea's opposition to its pet job.

When the Democrat has to resort to the played out "telephone racket" for campaign lies against Dist. Atty. Finley, it had better "give up the ghost" and devote its energies to dreams.

NO MAN IN NEW MEXICO has exerted such potent influences for good legislation as has Pedro Perea during the past quarter of a century.

AN IMPORTANT DIFFERENCE. To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

Ladies' kid gloves, at all prices, in all shades. Our gloves at \$1.25 and upward on the Pinto ticket or the whole gang for

NEW MEXICO NEWS.

SILVER CITY.

From the Independent.
The members of the Rebekah lodge are making preparations for a masquerade ball to be given November 24, 1906.

Mrs. Arlie E. Galloway, our efficient postmistress, has thoroughly recovered from her recent illness. Her many friends will be pleased to hear of her fortunate return to health, as she had a narrow escape.

Judge M. W. Porterfield and bride are expected to arrive home in a few days. When he gets here there will be a hot time for a little while, as the boys propose to give him a send-off. The judge played the boys when he got married, but they will get even with him.

The keys of the city were, figuratively speaking, handed over to the Rough Riders on Friday last. Those who played the keys in their charge got even by taking another kind of key. Any old key, if bottled, was good enough for them, as all or any kind was preferable to water. Rough Riders of the Roosevelt variety never take water.

Deputy United States Marshal J. J. Sheridan made an official visit, in company with two Chinamen, to Silver City last week and was warmly greeted by his many friends. The Chinamen were committed to jail by United States Commissioner L. E. Marshall, awaiting deportation for being unlawfully within the United States.

The Silver City Whist club has been re-organized with Mrs. E. McGraw as secretary. The first meeting of the season was at Mr. S. E. Bretherton's last Tuesday evening. There were present: Messrs. and Mrs. W. C. Porterfield, E. McGraw, C. C. Shosmaker, J. J. Kelly, W. S. Cox, H. F. Barnes, S. E. Bretherton, Messrs. Morrill, Mrs. Walton, Messrs. Charley Morrill and Harry Bretherton, Victoria.

R. M. Griffith, of the signal service, United States army, who left here several months ago, returned with his family Saturday last. They have again taken up their permanent residence with Mr. Griffith was with General Miles all through the Porto Rico campaign. He, like many others, took the fever and it left him in a greatly weakened condition, he having fallen off sixty pounds in weight. It is his intention to establish his office some where in the heart of the city, if he can find a suitable location.

SANTA FE.

From the New Mexican.
The new Winchester rifle is being received in this territory. It shoots a 30 calibre bullet two miles, carries five cartridges under the lock, weighs 8 1/2 pounds and burns smokeless powder.

Policeman Charles Wheeler has resigned after two months service on the force, and is now engaged in other pursuits that yield a readier return. The mayor will not appoint any one in Mr. Wheeler's place for the present.

Judge J. R. McPhee went to Cerrillos Tuesday afternoon, where he joined District Clerk Burgess, and the joint district court was held. A number of foreign born citizens who desire to vote at the coming election.

Mrs. Annelia Johnson, sister of Mrs. D. L. Miller, died Tuesday morning at 8 o'clock at the residence of her sister near the Guadalupe church, from quick consumption, in the 33rd year of her age. Mrs. Johnson came to this city four years ago from Mankato, Minn., to reside with her sister, and has been here since. She was not for some time in the best of health, but until a week or ten days ago was not thought to be really ill. Arrangements for the funeral are now in progress. The husband of the deceased was killed by accident in a Montana mine seven years ago. Mrs. Johnson leaves a little girl, Vera May, aged seven.

Isaiah Ashford, aged 73, a well known citizen of this city, died Tuesday morning of pneumonia. He was for many years a resident here and formerly worked at the Palace hotel and at the gas works. He leaves two sons, Alonzo, who was a packer in Cuba, and Augustus, who is now living in Denver.

Wm. M. Clute, a well known citizen and capable engineer and surveyor, with residence at Nogal, Lincoln county, has been in the capital for several days on business and left Tuesday afternoon for his home. Mr. Clute is the republican nominee for superintendent of schools of Lincoln county and states that the republicans stand an excellent chance for carrying the county.

ROSWELL.

From the Register.
Mrs. E. A. Cahoon and little daughter, Katharine, returned Wednesday, from their visit with relatives in California.

D. W. Scott and T. W. Yearh have 15,000 celery plants on the Honda east of town that are doing nicely and they find a ready market for the whole crop.

John Shaw has bought a twenty-acre tract of the Roswell Land & Water company, about half a mile north of H. M. Miller's place, and will at once bore for artesian water, fence and otherwise improve the land.

G. F. Blanche, the miller, has just finished sowing ten acres of wheat. Last year he had seven acres and harvested nearly 10,000 pounds. He gets his seed wheat from Piescho, up the Honda, and sows eighty pounds to the acre.

Rev. Arthur Marston, the newly appointed pastor of the Methodist Episcopal church south, arrived here Wednesday from Bunka Springs, Ark., accompanied by his wife and little boy and girl and Mrs. Marston's sister, Miss Estelle Shirley, Valley View, Texas.

Edward Garst, of Coon Rapids, Iowa, who was in Roswell some four or five years ago and invested in real estate here has named his baby boy Roswell. He is an enthusiastic believer in a very bright future for this town and will come on a visit as soon as the railroad extension is completed.

PECOS VALLEY & NORTHEASTERN.

Work Being Rapidly Pushed—What T. F. Moore Says.

T. F. Moore, Jr., received a letter on Monday from T. F. Moore, at Amarillo, saying that by the end of this month 100 miles of the Pecos Valley & Northeastern railway and the telegraph line will be completed and in operation, and the grading will be finished to a point some six miles west of the line between Texas

and New Mexico, says the Roswell Register. This will leave only 100 miles of the 200 from Roswell to Amarillo to be built, and deducting twenty-six miles which are being built at this end, leaves eighty miles only to be built yet on the Amarillo end of the line. As General Manager Nichols is in charge at that end it is safe to say that the work will be completed on time.

D. H. Nichols, the newly appointed general manager of the Pecos Valley & Northeastern, is maintaining his reputation for crowding things in railroad work. On October 9, on the Amarillo end of the track during the day, and has probably done better than that since then, as he was pushing everything like a Trojan and getting the work systematized so as to make even better time.

FOR OVER FIFTY YEARS.

AN OLD AND WELL-TRIED REMEDY. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste, sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

THANKS, NEIGHBOR.

Our more or less esteemed contemporary, the Democrat, forgot itself this morning and paid THE CITIZEN the following compliment, the work no doubt of its well-informed (?) novice in the printing business:

It will be pleasing to the pride of Albuquerque to note that the great Santa Fe system will run its first limited train through the city this season "in accordance with the official notice" published in the evening paper.

This paper was supposed to have been corrected as to an item published the other day in regard to the Water Supply company shutting off water without first notifying its consumers. THE CITIZEN used the words a "leak in a main" and the great educator on our more or less esteemed contemporary called forth the next morning and claimed that "the main burst." He failed to enlighten on the phrase where "the false statement" of THE CITIZEN came in. The same remarks apply to its correction this morning of the item on the disability of the mocking bird fire alarm whistle.

READS THE KENDIKE.

Mr. A. C. Thomas, of Marysville, Texas, has found a more valuable discovery than has yet been made in the Kendike. For years he suffered untold agony from consumption, accompanied by hemorrhages, and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost \$100 a bottle. Asthma, bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at J. H. O'Reilly & Co's drug store. Regular size 50 cents and \$1. Guaranteed to cure or price refunded.

AN IDEAL PLACE.

If you are searching for the ideal climate in the United States, where you can spend the winter months, when you can also find a hot mineral water, surrounded by the value of a complete bath, and a new and stomach disorders, and a new and really furnished "Casa del Conquistador," run upon the American plan and sign bona citizens who desire to vote at the coming election.

Mrs. Annelia Johnson, sister of Mrs. D. L. Miller, died Tuesday morning at 8 o'clock at the residence of her sister near the Guadalupe church, from quick consumption, in the 33rd year of her age. Mrs. Johnson came to this city four years ago from Mankato, Minn., to reside with her sister, and has been here since. FIFTY YEARS OLD

Why let your neighbors know you are old? And why give them a chance to guess you are even five or ten years more? Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.

Ager's Hair Vigor

is a youth-renewer. It hides the age under a luxuriant growth of hair the color of youth.

It never fails to restore color to gray hair. It will stop the hair from coming out also.

It feeds the hair bulbs. Thin hair becomes thick hair, and short hair becomes long hair.

It cleanses the scalp; removes all dandruff, and prevents its formation.

We have a book on the hair which we will gladly give you.

If you do not obtain all the benefit from the above, write the doctor about it. You will receive a copy of the book and your personal system which will give you the benefit of the book.

Dr. J. C. Ager, Lowell, Mass.

FROM NEW ZEALAND.

Reefion, New Zealand, Nov. 23, 1896.—I am very glad to hear that since I took the agency of Chamberlain's medicine the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this medicine than of all the other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the great results they have realized from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle before the reach of the child.

R. J. SCANTLEBURY.

For sale by all druggists.

H. R. Graves, of the United States fish commission, passed through the city last night on his way north from Magdalena, where he supplied Montague Stevens with 10,000 trout, which the latter placed in a stream which runs through his ranch.

WHEN
should a man assure his life? Now! To-day! It may be too late to-morrow. A day comes to every man when he cannot obtain life assurance. In any event, while he is waiting, the cost is increasing. And his delay not only increases the cost, but puts further away the completion of the period, at the end of which he will reap the benefit of his own foresight.
Some men wait until they shall be able to assure for a larger amount than they can now afford to carry. But when that time arrives it may be impossible for them to secure assurance at any price—they may then be unassurable. The time to take a surance is when it can be obtained.
